CARMEN M. SANTOS-CORRADA, MLS

En este número se concluye con la presentación de la **Lista de publicaciones de autores afiliados a la Escuela de Medicina, Universidad de Puerto Rico: 1950-2000**, que fue dividida en tres partes. En esta última sección se incluye la lista de las referencias utilizadas para este proyecto. Es oportuno señalar que se utilizaron dos trabajos del Dr. Eduardo A. Santiago Delpín, relacionados con la Escuela de Medicina tanto para este que concluye, como para otro que está en preparación.

Este próximo proyecto bibliográfico será en arreglo cronológico y cubrirá el período del Cincuentenario (1950-2000). El mismo constituirá una edición revisada que recuperará aquellos artículos que no fueron incluidos en esta versión. Se añadirán trabajos como *Estudios y otras fuentes bibliográficas de geronto-geriatria disponibles en Puerto Rico: 1985-1996* en formato electrónico y publicaciones como *PRISMA: Revista Dermatológica Puertorriqueña y Neurosurgery* publicados por la Escuela de Medicina.

Este será un producto integrado que representará la experiencia que ha tenido la Escuela de Medicina en la publicación durante el período de 1950-2000.
